

RMDC COVID-19 Safety Policies

Revised 10.22.21

Based on attendee feedback on turn-around times for COVID test results in their local areas, we have revised the policies below.

To provide the best possible environment of health and safety at RMDC 2022, we need your cooperation with the following policies:

Proof of Vaccination or Negative COVID Test

To attend the in-person elements of RMDC 2022, every attendee needs to provide proof of full COVID vaccination any time prior to arrival and check in at the Colorado Convention Center, or provide proof of a negative PCR COVID test administered within 72 hours of arrival and check-in. At-home and rapid tests will not be accepted.

RMDC will consider full vaccination to be two shots for the Pfizer or Moderna vaccines and one shot for the Johnson & Johnson vaccine.

Additional testing will not be required during the convention.

COVID-19 testing will not be offered onsite at the convention.

Mask Policy

All attendees three years of age and older will need to wear masks at all times during the in-person convention. Attendees may remove their masks when actively eating and/or drinking.

Acceptable masks include: N95 (or similar); disposable/surgical; cloth. Neck gaiters will not be permitted.

Please visit rmdconline.com for details on providing proof of vaccine or negative COVID test.
